**DESCRIPTION OF OUTSTANDING RECORD PERFORMANCE IN AEROMODELLING - Please Print**

**Records held:**

Anthony Mott	Australian & World Endurance Record Class 141 (F3 Open Aeroplane Piston Motor Duration)	12 h 5 m 20 s	21 Jan 2009	Yarrambat Victoria, Australia
Anthony Mott	Australian & World Endurance Record Class 141 (F3 Open Aeroplane Piston Motor Duration)	28 h 0 m 43 s	22 Dec 2010	Yarrambat Victoria, Australia
Anthony Mott	Australian & World Endurance Record Class 141 (F3 Open Aeroplane Piston Motor Duration)	29 h 26 m 55 s	24 Feb 2011	Yarrambat Victoria, Australia
Anthony Mott	Aust Endurance Record Class 171 (F5 Open Aeroplane Electric motor S Duration)	06 h 55 m 28 s	7 Sep 2011	Yarrambat Victoria, Australia

Anthony Mott not only broke the F3 Open Aeroplane Piston Motor Duration endurance record once, but three times. This involved coordinating Directing Officials, Head timekeeper and Assistant timekeeper, Logkeeper, Groundsman, Photographer, media liaison and support staff.

Anthony's interests involve solving problems in his own way. For example, he has developed some quite intricate electronics to control his duration model. Any modern radio could have done the same thing but because he did not want to inconvenience other users of the flying field, he opted to use an antiquated 29 MHz radio and build the functions he needed.

Anthony collects engines and is believed to have an example of every multi cylinder 4-stroke engine ever produced. Anthony is also a member of several flying clubs.
